

17 July 2024

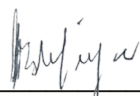

For Attention: SAASOA
All Shipping Lines
Terminal Operators
All Stakeholders
Agents

Dear Valued Stakeholders,

Please be advised of the adverse weather conditions predicted for 18 – 20 July 2024. Strong to gale force winds are predicted. Swell conditions of more than 4-6m are anticipated to persist until 20 July 2024. All vessels in the Port of Cape Town must ensure that their moorings are always tendered, and extra mooring lines may be added where necessary. Planned vessel dockings, shifting and sailings may experience delays due to heavy swells and extreme winds.

Proper monitoring of all operations must be always maintained, including exercising extreme caution when using mobile cranes. Vessels in the Port may be required to be sailed on emergency, and therefore all hatch covers and lashing of containers must be at a status to do so.

For any emergencies, please call Port Control on channel **VHF 14/16** or **021 449 2805**.
