Cape Town Container Terminal Vessels at Anchorage Update

Dear Customers and Stakeholders,

The Cape Town Container Terminal is currently operational, we are working towards clearing the backlog caused by recent gusty winds and windbound conditions. This morning, we successfully berthed one vessel, bringing the number of vessels at anchorage to 10 (including 4 OPL).

We are making steady progress, with one vessel expected to complete operations today, 19 February 2025, and another vessel set to berth. Tomorrow, 20 February 2025, we will have two vessel changeovers at berths 602 and 601, further reducing the vessels at anchorage.

The recovery of clearing the anchorage will be tentatively completed by 06 March 2025, weather permitting.

We appreciate your patience and support as we continue working towards full recovery. For any queries or concerns please do not hesitate to contact Thandi Zwane (Key Accounts Representative) on +27 66 185 2909 and/or the planning manager on shift on 021 449 5277.

Best regards,
